JIM COOPER ELECTED PRESIDENT OF LINDSAY AND AREA REAL ESTATE BOARD

Mr. O. K. (Keith) Teetzel, Director of the Ontario Real Estate Association, was guest speaker at a meeting of the Lindsay District Real Estate Board this week.

Members attended from Lindsay, Haliburton, Minden, Bobcaygeon and Fenelon Falls areas to meet their representative and to listen to Mr. Teetzel speak on the activities of the association.

Mr. Teetzel also hosted the formal installation of the Lindsay and District Real Estate Board Executive Officers for 1972; the Officers being:-

Jim Cooper, President; Jack Huston, Vice-President and Directors, Lloyd Otto, Ken Sangster, Max Hughes, Lorne Sloan and Ray Plummer.

THURSDAY SMILE

A new barber nicked a customer badly in giving him a shave. Hoping to restore the man's feeling of wellbeing, he asked solicitously, "Do you want your head wrapped in a hot towel?" "No, thanks," said the customer, "I'll carry it home under my arm."

Snowmobile Rally Big Success

The Lake Kashagawigamog first Annual Snowmobile Rally, sponsored by the Lake Kashagawigamog Tourist Association, was held Sunday afternoon with fun and prizes for all the contestants. Starting at the Haliburton Marine, they zig-zagged their way down the lake to given check points, and had to find one 'hidden' check point. They were greeted by a bon fire and a welcoming grin on the face of each 'Check Point Charlie' waiting for them at Hallmar, Wright's Marina, Dunsford's Store, The Northern Eagle, Wig-a-mog, and Royal View. For spying the clues, and scouting in to the hidden post at the Haliburton Air Service, they were awarded extra points. In spite of the fact that the names of the check points are all well known in both Halibur-

ton and Minden, some of the contestants admitted that when they were on the lake, it some times took a bit of navigating to zoom in to the right bay, to 'home in' on the target.

Back at the final check point, Haliburton Marine, there was

ANNE DAWSON RETIRES

After a decade of service to the Townships of Anson, Hindon and Minden, Mrs. Anne K. Dawson retired on February 29, 1972. Mrs. Dawson served as Assistant Clerk to the late Mr. Gordon Bibby and to the present Clerk-Treasurer, Mr. Richard Parisotto. Mrs. Dawson had assumed the position of Acting Clerk a number of times during the past few years due to the illness of the late Mr. Bibby. Mrs. Dawson, a member of St. Paul's A.C.W. and the Womens Institute plans to visit friends and relatives, do some travelling and devote more time to Church work and other community activities.

A formal presentation was made to Mrs. Dawson when co-workers, Municipal Officials and Members of Council, gathered recently to extend good wishes and regards.

hot chocolate and all the helpings of delicious baked beans that the 'trail riders' could eat.

After some mathematical wizardry by the 'Super Computers' the points were tallied, and prizes awarded to all who took part. First prize of the Kashagawigamog Snowmobile trophy, and saddlebags, were won by Ken and Dorothy Wilson, of Haliburton. Second prize of a snowmobile helmet was awarded to Joe and Pam Iles of Haliburton. Third prize of snowmobile mitts and goggles went to Jean and Mike Iles, Haliburton. Special thanks of the Snowmobile committee go to the officers of the O.P.P. and the volunteer patrols who helped so capably on the lake. Our sincere thanks, too, to the following businesses who donated the prizes for the winners;

Haliburton Marine; Lakeshore Marina; Vance English, Shell Marine, Wright's Grocery and Station; Ed Youngdale Texaco Ltd. Lloyd Moore, Imperial Esso Station; Curry Motors; Prentice Roads; Elstone's Sunoco Station; Western Tire; Percy Haliburton Golf Course; The Lymburner, Skidoo Dealer; The Haliburton Air Service; Hallmar Resort; and Deer Lodge;

WOMEN TEACHERS HOLD CONFERENCE ON THE FUTURE

Over 400 women teachers attended a conference in Toronto on February 18-20, sponsored by the 34,000 member Federation of Women Teachers' Associations of Ontario. The conference theme was 'Towards the 21st. Century' and delegates heard speakers and panel discussions on various aspects of what the future holds in store for Canadians. Attending from this area were Mrs. Freda Stewart Victoria St. School Haliburton and Miss Edith McArthur Archie Stouffer Elementary School, Minden.

The conference programme included a panel discussion on the future of Canadian nationalism, with Peter Desbarats of the Toronto Star as moderator; an address by William I. Thompson on future trends in society talks and discussion on the future of the family, the environment, the cities, medicine, architecture, and religion. A fashion show arranged by Stephanie Paulson showed styles from next spring to the year 2,000.

Another panel discussion with Barbara Frum of the CBC as moderator discussed the future of the schools. The dinner speaker, Jean Watson, spoke on the future of the role and status of women.

Something different at this years Winter Carnival was the open-air Chapel. Service was held here in the Fairgrounds on Sunday morning, with a good attendance. Assisting Father Hutchison was Bill O'Brien, right and the Brampton Clown band, pictured in the background.

"WE SELL THE EARTH AND INSURE IT'S CONTENTS"

HERE AND THERE

with Fenwick Finch

Every once in awhile during your life's work you meet someone who is just a little outstanding from the regular run of people. Such a man was Thomas H. Martin, "Tommy" as everyone knew

him, was Clerk of Verulam when I met him and in the years I worked on my job he was of great service to me from time to time. He became to be a man I admired and one whose friendship I value deeply. I don't see him much any more, but I hear from him from time to time and his short notes are always welcome. Got one from him the other day. In part it says — "the one that interested me the most was; we pay an outrageously high education tax, I didn't think anyone paid any attention to that anymore; everyone seemed content — like what one man said about the church, he found out one was supposed to pay up and shut up."

I recently read the auditor's report of the Township of — — when it showed they had contributed \$207,000.00 to Education and only \$680.00 for recreation, both for young and old. Then we wonder why our contestants don't do better in world sports."

I couldn't agree more with any remark. Mr. Martin has had a great many year's experience in Municipal affairs and I would bank on his judgement. It seems to me we should be taking a longer look as taxpayers at the education tax and what we are getting for our money — the return doesn't seem to be too high.

I've had several calls about J. Earl Palmer's letter as President of the Chamber of Commerce. I'm not going to be involved in any argument between Industry and Tourism. I couldn't agree more with Earl Palmer when he states — "that the tourist industry is the one to rely on for economic growth."

To go back in history, some 400 years in fact, the Indians of the Georgian Bay and Lake Champlain areas came here as hunters and fishers, and at no time were there any substantial villages built up in Haliburton County. We were just a place to come and relax in — 400 years later we have some villages but our main source comes from outside in the shape of tourists — they may not be Indians but they are still tourists, and greatly appreciated.

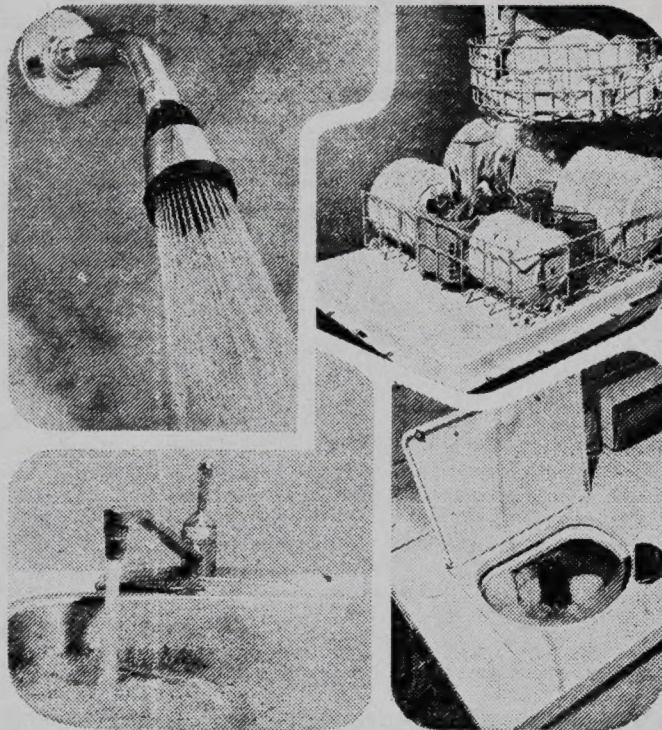

As I hung up the 'phone after trying several times to complete my call I wondered, "is this really progress?"

I still miss the "operator" and the personal touch that went with the old-time telephone. Now, the whole thing is impersonal and cold. In the old days when I couldn't complete my call I could have the operator check and see if the 'phone' was in use or was there a problem.

You wanted the Doctor or anyone else for that matter — you didn't have to worry about dialling the number, you just asked the operator and you got who you were looking for, almost immediately. I grew up under the use of "central" as a clearing point and I still don't appreciate the dial system.

In times of trouble central was invaluable. When there was Hydro trouble the operator was between you and the public and usually one call was all that was necessary — central informed the other callers that the trouble was being taken care of. As soon as the operator was able to make a few check calls she would let the office know that she had pin pointed the trouble and we were in business. There are so many things central could come up with that you could write a whole article on the subject.

See you next week, drive carefully and be around to enjoy the future we have ahead of us.

Huskies Eliminate Bobcaygeon

The Haliburton Huskies have advanced to the league semi-finals against the Bancroft Jets after eliminating the Bobcaygeon Ti-Cats in 3 straight games. The Huskies played the Ti-Cats 3 times during the last week rolling up decisive scores of 9 to 3 on Wed., 5 to 2 on Fri. and 7 to 3 on Sat. night in Haliburton. The Huskies have been shorthanded during the past few games and were able to defeat the Ti-Cats on Sat. night with only 11 men in uniform. John Parish and Paul Dawson were both out on Sat. night with injuries suffered in Fridays game. Floyd Henry joined Bob Woodcock and Larry LaPorte on defence for the game and did a fine job. The rest of the lineup were in rough shape as well as Gerry McElwain played with the flu and Roger Bain and Bev Hicks had played every night since the Tues. before. With all the problems involved the Huskies played a creditable game in front of the 305 hometown fans.

With the local High School swinging into exams this week the Huskies will be resting and trying to get back into shape for the series against the strong well balanced Bancroft team. During the regular season the Huskies beat the Bancroft club 3 times on home ice and lost 2 times on their ice. This will give the Jets an edge as they have the extra home game. The schedule has been set up and the Huskies will travel to Bancroft on Fri. night for the first game at 8:30 pm. The Jets will return to Haliburton on Sat. night at 8 pm. with the third game in

Bancroft on Wed. night at 8. If the fourth and fifth games are necessary they will be in Haliburton on Sat. Mar. 11 at 8 pm. and the fifth and final game will be in Bancroft on Sun. Mar. 12 at 2:30 pm. The Huskies are confident that they can beat the Jets but it will take an all out effort, by every member of the team. The Huskies have a bad habit of missing many important scoring opportunities and as a result have been trying to work in too close to the net. Another problem is the amount of times that they give away the puck in the oppositions end of the ice. When exams are over and their minds are back on the game, the Huskies will give any team in the league a tough series, including Bancroft and Lakefield.

The Huskies are about to make their move towards defense of their Ontario Championship and are urging all local hockey fans to come and give the local boys the type of support that they deserve. If there are any people wanting to attend the game in Bancroft on Fri. or Wed. please let Scotty LaRue know as soon as possible. There will be room on the players bus and if there is a good following there will be another bus available. Be sure to be in attendance on Sat. night as the Huskies take on the Bancroft Jets in what should be a thrilling hockey encounter, between two evenly matched clubs.

NEW YORK - NEW YORK !!!

Last week I mentioned in this column that Secretary-Manager of the Chamber of Commerce, Ted Campbell was flying to New York, to inquire about the feasibility of a Travel Through Zoo, for Haliburton County. After getting the information from Ted to write last week's column, I became interested in the project, and decided to go with him to get the story first hand and take some pictures, which will appear in next week's issue.

To fill this space this week, I thought we would give you a report on some of the action we encountered while in New York, other than from a business standpoint.

First of all Mr. Dan Brennan, Executive Vice-President of Warner Bros., who are the people involved in this type of Zoo, met us at La Guardia Airport on Sunday morning in New York, from here we travelled to New Milford, in New Jersey, where we spent the rest of the day, involved in the business part of the trip. At approximately 7 p.m. we left his lodge in the Catskill mountains and drove into down town Manhattan, where we booked into the Holiday Inn it was from this point on, we took in the highlights of New York.

Mr. Brennan suggested we eat at Manny Wolf's — an exclusive steak house, where the best steaks are prepared in Manhattan, (best steak I have ever eaten, period). The waiters in this restaurant are all male, with an average age of 55. Three or four I would venture to say are in their seventies. Don't laugh, these boys knew their trade making you feel at home with good humour and courteous fast service, for their efforts they make 30 grand a year, not bad for one who waits on tables.

Our next stop was a visit to one of Manhattan's Play Boy Clubs, here we were entertained in fine fashion, and saw top performers on stage. From here, it was out to Jilly's on 52nd street. This club is owned by Frank Sinatra, and is noted for being a hang out for many members of the mafia. A few scenes of the motion picture "The Godfather" were shot here. By a streak of luck, we met Sinatra, when he walked in about fifteen minutes after we arrived. Mr. Brennan was a little envious, when we told him the next day we had met Sinatra — he said he had been going to that club for years, and had never seen Sinatra.

After leaving Jilly's, we took Mr. Brennan's list of good places to visit, and were quite impressed by the top entertainment in New York. On Sunday we managed to hit the sight-seeing early — we took in the Empire State Building, and its 102 stories, Greenwich Village, the Bowery, lower East side, Central Park, Times Square, Herald Square, and then finished off the day on 42nd street, where the unusual people are found — hippies, prostitutes, homosexuals, and wierdos of all kinds. The action here is fast, one has to watch his step, or could find himself at the bottom of the Hudson River. Even though it was Sunday, everything was in full swing.

This pretty well wraps up our trip in New York, next week we will give you a feature article, with pictures on the Zoo. Driving from our hotel to the Airport on Long Island in the limousine, we travelled with two interesting ladies from Argentina, they spoke very little English — I managed to learn only one word in Spanish, I said adios to New York as we flew out.

LETTERS TO THE EDITOR

108 Sherwood Forest Drive
Markham Ont.
February 20th, 1972

Dear Sir:

I read the letter of Mr. J. E. Palmer and Marion Henry and felt compelled to write you.

Marion Henry points out how well off everyone is because of tourism. Well, it's been pointed out already that that is 2 out of 12 months. All the expansion extra spending, new businesses and jobs she speak of rapidly dwindle off when school opens. I came up here year-round and I see many places closed for winter. Snowmobiles have changed that a little lately, but not enough to have a real affect on the area unemployment and welfare statistics.

In comparing the grant size to that of the Muskokas she doesn't mention a few details. The Muskokas have everything that we have here, but their chamber promoted the area as good for industry besides tourism.

Over the past few years, with the help of Federal and Provincial Government start-up loans, they have attracted; 1. Canadian Moor Lamp Ltd. 150 employees. 2. Canada Foils Ltd. 65 employees. 3. Corning Glass Works Ltd. 240 employees and 4. Alan Wire and Cable Ltd. (new) to employ over 200 within four years of start-up. All these are in the Bracebridge area. Huntsville has a Swedish Plastics Firm with 55 employed Gravenhurst-Rubberset Industries 150 employees. There are also smaller places employing 50 or less people. These are non polluting industries. This C of C says distance from major consuming markets is the main factor in not having industry here, yet this area is closer than Bracebridge is to some of their markets. No wonder Muskoka can give \$25,000 to their Chamber. They get the money now because they had the foresight to not put all their eggs in one basket, i.e. tourism.

The basic problem is that the Chamber here is mostly people in the tourist industry who cannot see the dollar benefit they would derive from other types of industry in the area, therefore are not interested.

The elected representatives have a responsibility to all people in the area, and must look long and hard at where they put tax dollars, so I say to Mr. Palmer and Marion Henry and their fellow C of C members, raise your sights; get out of 'he rut' Let new industry in (because you haven't been). Forget about more lobbyist at Queens Park, there's too many now! When you do all this perhaps the Haliburton C of C will do so well, it won't have to depend on taxpayer's money to supplement its own member's dues.

Sincerely
Robert Skakie

MINDEN NOVICE TRAIL SERIES

by Cliff Burke

The Minden Novices played three play-off games last week, winning one and losing the other two to Haliburton. The fourth game is Wednesday Mar. 1st. with the fifth and final game if necessary on Friday, March 3rd.

In the first game of the series the Novices whipped out a Haliburton 4 to 3 lead with four minutes to go in the game, with four unanswered goals to win 7-4. Brian Shaw had four goals for the winners. The other goals scored were two by Tom Gough and a single by Jim Hatkoski. On Friday evening the Novices not only lost 5-2 to Haliburton, but also lost the services of David Arbuthnot with a broken arm. It was an all round frustrating evening for the Novices, as they had many chances to win, but couldn't find the net. Brian Shaw scored both Minden goals.

On Monday evening it was all Haliburton, as they trounced the Minden boys 6 to 1. This was a very disappointing showing by our Novices, who are a much better team than what they showed in this game. The Minden defence collapsed in this game and the forwards were not skating. The only bright spot on the Minden team was young Paul McKenzie who played brilliantly all evening and scored Minden's only goal on a beautiful end to end rush leaving Haliburton players sprawled all over the ice. Honourable mention must go to Terry Harrisin who was by far the best defenceman on the ice for Minden.

CURLING —

This years winner of the Ladies Regular Schedule was Ina Brintnell, with a 7 - 2 - 1 won-lost-tie record for 75 points. The Play-offs are now under way, with Joyce Brown and Phyllis Campbell winning their first games.

The undisputed winner of the Thursday night mixed is Roy Windover with a 9 - 1 - 0 record for 90 points. The Friday night mixed winner is Doug McGee with a 8 - 2 - 0 record for 80 points. The play-offs start this week with these leagues. The race for the Championship in the Men's and Men's Senior league is coming down to the wire. With 3 games left to play there is only 20 points separating the 1st place and 6th place team in the Men's. In the Men's Seniors, 15 points separate 1st from last.

Also on the curling scene, the Minden Club is hosting the Hyland Masters Junior Men's Bonspiel on March 18th. This spiel is limited to men 21 and under. It should be very good curling with teams invited from Lakefield, Peterborough Haliburton, Bancroft, Toronto, Lindsay, Fenelon Falls, Brockville, Port Carling and the host club. Plan to come and watch some of the most exciting action in the country. For details contact Dwight Thomas or Bill Ingram.

SHUFFLEBOARD —

Last weeks winners of the Dominion Hotel tournament were Holly Harrison and Neil Bull.

Winners of last weeks Rockcliffe Hotel tournament were Phil Sawyer and Cliff Burke.

MINOR HOCKEY —

In an exhibition game between the Minden Midgets and the Coaches - Managers - O.P.P. on Sunday evening, the midgets won 6 - 5 in the final twenty seconds of the game on a goal by John Welch. The scoring for Minden went to three players with two goals each, Wayne Harrison, John Welch and Kirk Hewitt. Scoring for the losers were Larry Kent with two, and singles to Roy Telford, Bill Deverieux and Roger Scheffee.

The Minden Pee Wee B's played their last regular season game last week and lost 5 - 0 to Ops. The loss eliminated the B's from the play-offs for this season.

ROD AND GUN CLUB —

The Minden Rod and Gun Club held a Stew Dinner and Dance on Saturday, February 26th and it turned out to be an overwhelming success. There was over a hundred people in attendance arriving at the club on some sixty snowmobiles. The food was delicious and the music was great.

The Club is planning to have another dinner and dance on March 25th, and we hope to have even more people to this dance. Anyone looking for a change of pace and great entertainment, as well as the best home made pie, stew, and rolls you've ever tasted — the Rod and Gun on the 25th is the place to go. Hope to see you all there.

HOCKEY POOL —

Congratulations to Shirley Walker for winning the Minor Hockey, Hockey Pool for the second time in two weeks. The pool is on all Saturday night Toronto Maple Leaf games. The tickets are 50c each for a pot of \$25.00.

PREDICTIONS OF THE WEEK —

Saturday, Montreal over Vancouver 6 - 2. Toronto over Los Angeles 7 - 2.

LETTER TO THE EDITOR

Minden, February 23rd.

Dear Sir:

Every winter seems to bring sad things such as deaths and loss of homes by fires and this winter is no exception.

Now I recently heard of something even worse in some respect, apparently a poor innocent dog was left tied up till he starved or froze to death and another one was nearly dead when found. How could anyone treat God's creatures in such a cruel way is beyond me. If people don't want pets they should be put to death quickly in a humane manner. It may not have been the owners fault as I did hear they were away and left the dogs in the care of a friend, I don't know if this is true or not, but it seems dreadful for such things to take place in what we used to consider a Christian Community. Please Minden residents take care of your pets so we won't hear any more stories of such neglect.

Mrs. Phil Robinson

Tell It To Your Congressman!

When any activity — social, business or pleasure — achieves wide popularity, people seem to divide into four groups:

1. They become enthusiastic, but thoughtful, advocates.
2. They ignore it.
3. They abuse it.
4. They complain about it!

And this has been true of snowmobiling — "in spades!" Problems, of course, arise from the latter two groups: In snowmobiling, it's the few who abuse the sport by riding roughshod over others' property, chasing down game and creating unnecessary "trouble" of all variety — and those who condemn all snowmobilers for the unthinking acts of these few "bad apples."

Considering this typical situation, the recreation experts at Mercury snowmobiles suggest that more, many more, of the considerate, intelligent enthusiasts for this new sport make their views known — by "telling it to your Congressman!"

In practical terms, this means writing to your two U.S. Senators and the Congressman for your area, and to the State legislators elected from your community. (Your local newspaper can provide addresses and advise on the correct forms of address.)

And what do you say in your letter? Well, you might describe how your family enjoys snowmobiling, safely and in consideration of others.

We suggest also that you urge them to create laws that control and punish the abusers — while preserving and promoting snowmobiling for the vast majority of enthusiasts.

J. O. JACKSON LIMITED

OPERATED BY

J. O. JACKSON HEATING LIMITED

Box 342, Minden, Ontario

This notice will advise you that we have sold our fuel oil business to Gulf Oil Canada Limited and as of February 28 deliveries will be made by Mr. John Sault, the Gulf Agent in Minden.

We are also very pleased to announce that Mr. John Francis, whom you all know as our chief serviceman and installer, has purchased our heating business and will now assume Gulf's service and in particular continue to provide the 24 hour service and the annual inspections for all of you our former customers. John is licensed and very well qualified, having worked and trained with us for the past seven years and I'm sure you, as we do also, wish him well in his new endeavour. Because of his vast knowledge regarding our deliveries and the various oil heating installations, I'm sure he will prove invaluable to Gulf and in particular to Mr. Sault, since he will also be helping out with deliveries.

Gulf will also purchase our accounts receivable so henceforth the billing and statement's will be issued by their Agent.

Over the years despite certain ups and downs, we have enjoyed servicing you, and have especially appreciated the many friends we have made through our business relations; these are things that we will remember most about the heating business. Thank you everyone.

I hope you will remain as loyal to Gulf as you were to "J. O." and with better facilities much closer at hand and a much larger organization, I know service will be as good or better.

Thank you again most sincerely for your years of patronage and support.

Yours very truly

J. O. Jackson.

In the market for a new home? Here's a handy checklist of what you should be looking for according to a variety of lenders.

Location, of course, is all important, not only for your living pleasure, but also for maintaining resale value. Check local zoning ordinances, check for a good school system and check for the nearness to shopping and recreation areas.

Check last year's tax bills then add 5 to 10 percent to estimate current taxes. Check running cost such as painting, lawn care and replacement of worn parts. If a house is 10 to 15 years old, you can figure on costs of about 2 percent a year of the house price.

Check on utility costs-heating, electric, gas and telephone. Is the house structurally sound? Get an expert to check it out before you buy.

Look in the telephone book's Yellow Pages under home inspection services. An inspection could cost about \$50 to \$100, but it will tell you whether you need immediate remodeling or repair work.

Check the architecture of the house. How's the floor plan and room arrangement?

Take a look outside the house. Check the lot and landscaping. The house ideally should be situated on its lot for outdoor privacy in summer and properly oriented in relation to sun wind and trees.

Then check the mortgage. Be sure you can afford the monthly charges for the mortgage on the specific house you buy.

Don't forget the closing costs. These include fees for legal services, the title search, recording, surveys, and other necessary services.

It pays to spend some time doing homework, before you buy, even before you start house-hunting. You can get a lot of good information on house buying at your library, in magazines, or from your local bank.

LETTER TO THE EDITOR

Toronto Ontario

Dear Mr. Greir;

I, and my family have been summer residents and taxpayer in Haliburton for over 30 years. Until two years or more I didn't know a Chamber of Commerce existed.

Why are the natives of Haliburton so apathetic to having their County recognized as a summer and winter paradise?

They are ready and willing to take our money which provides their very existence, but can't see that we, the summer residents are important!

You need a council that should realize that; In the next election let's get people who are more aggressive and far-seeing for Haliburton's future.

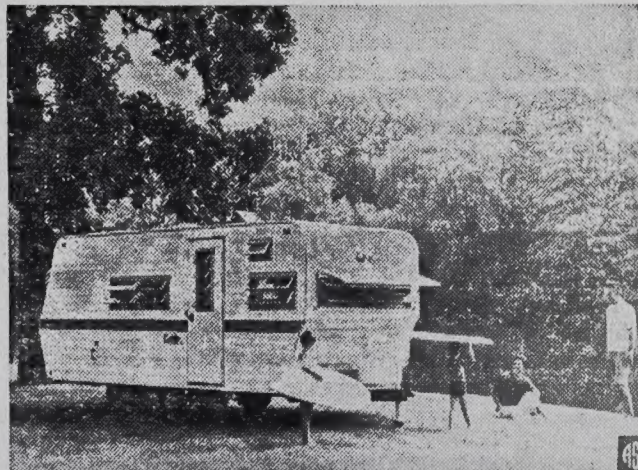

It pays to Advertise!

For some reason 'The Haliburton Echo seems to resent Progress. (no pun intendel).

Good Luck to your paper,

Mrs. G.T. Stewart

Escape To The Outdoors

Outdoor enjoyment begins on wheels for millions of families who own recreational vehicles such as these popular travel trailers. With these recreational vehicles, and a number of other types and sizes, home comfort rolls along wherever you go—across the nation or just into the next county. Many models of recreational vehicles use portable liquefied petroleum gas for cooking, heating water for galley and bath, and keeping food and beverages cold and safe in the gas refrigerator. During cool days and seasons, an LP-gas heater keeps the interior of the vehicle snug and warm. Versatile LP-gas also provides fuel for nighttime lighting. Recreational vehicle enthusiasts can replenish their fuel supplies at more than 9,000 LP-gas refueling locations in the U. S., Canada and Mexico.

The Expropriations Act

NOTICE

OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND
Department Of Transportation and Communications

IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Minden, in the Provisional County of Haliburton, in the Province of Ontario.

FOR THE PURPOSE of acquiring sufficient land for the diversion of Highway Number 35.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, service personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of
Transportation and Communications
Parliament Buildings,
Toronto 5, Ontario.

Minister of
Transportation and Communications
W. G. Wigle, Director,
Right-Of-Way Branch
NOTES:

1. The Expropriations Act, provides that,
(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;
(b) the inquiry officer,
(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and
(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.
2. "owner" and "registered owner" are defined in the Act as follows:
"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;
"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;
3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the land described as follows:
In the Township of Minden, in the Provisional County of Haliburton, in the Province of Ontario, being part of Lot 3, Concession 5, designated as PART II on Department of Transportation and Communications' Plan P-2904-41 deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-214.
